ZPRÁVY ČSARIM

Úspěch na Postgraduate Assembly of Anesthesiology

Na významné vědecké akci PGA63 – Postgraduate Assembly of Anesthesiology – která měla již svůj 63. ročník v New Yorku, USA, 11.–15. prosince 2009, dosáhli významného mezinárodního úspěchu naši kolegové z KARIM FN Plzeň.

Jejich práce Intraoperative fluid optimisation using stroke volume variation in high risk surgical patients – results of randomised prospective single center study

autorů J. Beneše, P. Altmanna, I. Chytry, I. Hluchého, R. Svitáka, E. Kasala, R. Prádla a M. Štěpána byla oceněna v kategorii Residents Research Contest. Ocenění bylo slavnostně předáno kolegovi Benešovi, který autorský kolektiv zastoupil. Do soutěže bylo přihlášeno několik stovek posterů, z nichž bylo 151 vybráno k představení na PGA63 a 5 z nich získalo ocenění. *Blahopřejeme!*
